Visibility Package for Businesses

This package may be a good choice for businesses that are interested in partnership with the Chicago Persian School but are not ready to make an up-front contribution. While contributing at one of the listed sponsorship levels guarantees certain exposure benefits for businesses, Visibility Package can offer a good alternative. You agree to donate a percentage of the business transactions, linked to the Chicago Persian School clients, to the school in exchange for exposure you gain to our community.

- We will announce the information about your business and the donation agreement to the school community via email (maximum of two emails per academic year). This email will include your business website/social media link and logo.
- You will keep track of the transaction amounts related to the Chicago Persian School clients and make donations to the school account, quarterly, according to our agreement.
- If the total amount of your annual contribution through this arrangement reaches one of the listed sponsorship levels 15 days prior to that year's Nowruz party, your business will be included in the sponsors' announcement list during the event.
